

Built to Last

AGE *USA*
agriculture garden equipment

A PROFESSIONAL GRADE OF
AGRICULTURE AND GARDEN EQUIPMENT

www.ageusa.com

AGE USA, has grown to be a leading global supplier of completely redesigned professional grade **Agriculture** and **Garden equipment**.

All of our products are manufactured under strict supervision and with international quality standards.

We create practical, meaningful products that make life easier, empowering people to do a safer and better work.

Our products are distributed in the **United States**, around the **Caribbean** and **South America** through our authorized distributors.

OUR CORE STRENGTHS

Quality Products

We invest in expert tool designers and first-rate materials to provide quality tools for all. **Built to Last**

Knowledge & Expertise

We know what we do: We are experts in our field and we have a skilled and dedicated team to help us meet the growing demand for specialized products.

Innovation & Performance

We stand out among the **top brands in the market** for having innovative products, redesigned to improve user performance.

Right price

Our commercial and operational structure gives us the opportunity to offer **very competitive prices** so your business can be more profitable.

SHOVELS

High impact and Durable Orange D-Grip with Ergonomic Rubber Grip for improved handling

High-strength Hardwood and Fiberglass Handles

Durable Tempered Steel Blade

It is very important to select the right tool for the right task... But for us, it is essential to provide you with the best tool available to help you do the work efficiently. Our shovels are designed following biomechanical principles to prevent low back stress and unnecessary back strain.

Our shovels are designed for maximum digging and prying, in order to increase your productivity and prevent undue fatigue.

RAKES

Tempered Steel Head

Breaks up hard soil and levels loose soil

Strong 48" Hardwood and Fiberglass Handles

Our multiple use rakes come in a variety of sizes and lengths, and they are light and resistant. They are made of Ash hardwood and fiberglass, and we have them in an assortment of head widths to support your workload and prevent any strains.

Raking deeply and vigorously can cause fatigue and you may feel pain in your hands, arms, shoulders, and back. We have got the quality tools to help you work more efficiently and with great results.

Take your time and let our tools do the work for you.

MACHETTES

16 Gauge Industrial grade 1045 Carbon Steel

Tempered In Fire Full Tang machete

Non-slip, wear resistant handles, they are perfect in almost any environment

In many parts of the world, machetes are a part of the daily life. This tool is extremely versatile and with and long-lasting in any type of environment.

A very important trick when using a machete is to swing it at a 45-degree angle and create a V-shaped notch for thick cutting.

Remember to safely enjoy the machetes multiples uses and always cut outside of your body meaning cut to the right or left of your body.

**Strong and durable 52"
Hardwood and Fiberglass Handles**

**Thick blade with sharp edge for
strength and clean cuts**

**Round Eye Hoe with a Strong
and durable 52" Hardwood Handle**

All hoes have the same basic structure and purpose: a long handle with a paddle, blade, or stirrup at the end, typically at an angle to the handle, but as a professional, you deserve professional-quality hoes tools.

Choose the right hoe for the job with a handle redesigned to increase leverage and reduce fatigue ... your muscles will thank you.

Use this tool in a safe and effective way.

AXES

Forged, heat-treated steel is finished with a rust-resistant coating

Strong and durable Hardwood and Fiberglass Handles

The craftsmanship is excellent and extremely solid and comfortable to use

Take your time, get comfortable with the Axe you are using, and be safe.

Wear Gloves - Gloves will protect you anytime you use or sharpen an Axe; gloves keep you from getting accidentally cut.

Wear Goggles - Safety goggles protect your eyes against wood chips that may suddenly fly off.

Wear AGEUSA Axes - Find a stable or well-balanced standing position when using an Axe.

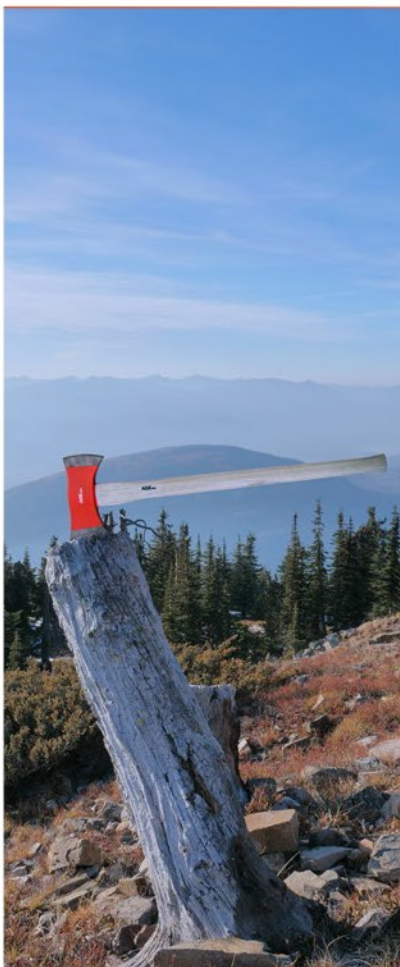

Don't take unnecessary risks! Make sure you use quality products, and never underestimate the power of an Axe.

HAMMERS

Inseparable riveted head will not slide down or snap off, even when swinging with maximum force

Handle flare keeps the tool firmly in hand when swinging

Forged, heat-treated steel is finished with a rust-resistant coating

Our hammers increase your striking force by up to 40%. The long handle combined with a heavy head allow the sledgehammer to gather momentum during a swing, and apply a large force.

Sledgehammers will strengthen your muscles and may also improve your wrists' stability, while strengthening the forearms and grip.

Along with many of the physical benefits that come with working sledgehammer work, you will also feel damn good just by swinging and slamming it down.

Let's learn how to choose wisely.
